TERMS OF SALE

This sale is made for cash on delivery of the goods, which may b obtained at the termination of sale.

The highest bidder to be the buyer.

Should a dispute arise and the disputant has a voucher and is will ing to advance on the price at which the lot was stricken off, then th said lot to be put up again and sold to the highest bidder. This doe not apply where a bidder has not made any offer prior to said iten being knocked down—then the auctioneer will use his judgment as t the justice of the claim and good faith of the contesting bidder and hi decision shall be final.

The auctioneer reserves the right to refuse the bid of an individua if he declines to make a cash deposit or pay sum bid on his request t do so.

No lot is separated. All are sold subject to the catalogue descrip tion and by the catalogue numbers. Should any lot become misplaced the buyer does not acquire any right in it if it is stricken off withou the mistake being discovered, and such a lot must be returned to the auctioneer. If any lot cannot be delivered from any cause whatsoeve (though the cataloguer will make every effort to deliver), the auc tioneers and cataloguer are only responsible for its value as sold and determined by this sale.

The auctioneers and cataloguer reserve the right to bid on their own account and for their clients who have favored them with commissions.

Every item is guaranteed genuine, and this holds good indefinitely

Every lot sold so much each piece.

No coins shown during the progress of the sale unless to oblige a special request. Any one wishing to see a lot will be given every opportunity to do so if possible.

Collectors are requested to carefully examine the coins during the exhibition at the auction rooms on day of sale from 9 to 12.30 o'clock, marking their catalogue, thus being prepared, as the sale proceeds at the rate of about 200 lots to the hour.

I will carefully and faithfully execute any bids entrusted to my care; charging a fee of 5% on the amount purchased—no charge being made for services rendered unless the lot was purchased.

The cataloguer and auctioneers will not be responsible for any errors made by bidders; so please carefully compare your bid sheet with the catalogue and make certain you have the numbers correspond on the lots being bid for. Nearly every sale develops some mistake—quite often the bid sheets arrive *unsigned,* with no way to determine the identity of the bidder!

Hand priced catalogue after the sale 50c.
